DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

1. Claims 1, 2, 5-11, and 14-28 are rejected under 35 U.S.C. 102(b) as being anticipated by Jack (US 5,591,975). Jack discloses the claimed invention, a method comprising taking an ambient NO reading (at periodic or triggered intervals), a blocked NO reading, and a vehicle NO reading, and subtracting the (substantially linear) ambient baseline from the vehicle reading; see column 2 lines 17-20 and column 6 lines 27-66. Blocked beam readings are taken both before and after the ambient and vehicle readings due to the 200 Hz chopper arrangement; see column 5 lines 21-35. Readings are taken in the vicinity of the resonant NO adsorption peaks at 5.2 μm ; see column 6 lines 5-13. The system for performing the method is disclosed at column 5, and comprises IR source [18], detectors [32], processor [38,42], and chopper [22].

Response to Arguments

2. Applicant's arguments filed 13 September 2004 have been fully considered but they are not persuasive. Jack discloses triggering at column 6 lines 27-39.

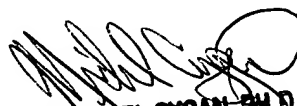

Conclusion

3. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a). A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
